About This Game

Design and play stages reminiscent of the greatest games from the 1980's and share them with the world. Or just kick back and play hundreds of handcrafted retro stages all lovingly rendered in lo-def and accompanied by an authentic 8-bit NES soundtrack. Dozens of playable characters with unique skills and powerups along with an expanding lineup of game environments for limitless creativity and infinite replayability. Unleash your inner Igarashi!

Features

- Gameplay inspired by the classics (Metroid, Castlevania, Megaman, Ninja Gaiden, Strider, Bionic Commando, Contra, Blaster Master, and more!)
- Campaign Mode - play through the official campaign to unlock all the features of the editor
- Metroidvania style exploration with huge maps and unique items and abilities to help you progress
- Multiplayer Mini-games
- Online leaderboards
- Simple and fun level editor
- Share levels with your friends and the world
